THERE'S NO NEED TO WAIT WITH BUY NOW PAY LATER FINANCE

Our Buy Now Pay Later finance options give you the opportunity to order your new floor today with just a deposit. You can then spread the payment over a period that suits you, and can even take a payment holiday so you can delay any monthly payments for up to a year.

It's important to know that interest will accrue during payment holiday periods, but with the low cost early repayment option no interest will be charged on any payment you make during the holiday period (you will have to pay the interest accrued on anything you don't repay).

Representative Example:

12 month payment holiday followed by 36 monthly payments of £42.87 Price: £1.000 Amount of credit: £1,000 Total amount payable: £1,543.32 Interest rate: 19.9% Fixed Early settlement fee £29 if settled Representative APR: 19.9% within the deferral period. Total term: 48 months

Important: Interest is calculated from the start of the agreement, which means interest will accrue during the holiday period.
